

## The Netherlands

Please refer to the following website of the Dutch government: <https://business.gov.nl/the-coronavirus-and-your-company/>

Instead of the reduction of working hours employers can now request a refund of up to 90% of their salaries for a period of 3 months (3 months extension maybe possible) provided that they expect a minimum of 20% decrease in turnover as of 1 March. Employers are then also required to commit themselves not to request a permit to dismiss employees on the basis of economic reasons.
